## Reebok Connect App Update: Version 1.0.4 Now Available

2025-08-11 - Inas B. - [Updates](#)

We're excited to announce the latest update of the **Reebok Connect App**, now live for both **iOS and Android** devices. With Version **1.0.4**, we've made key improvements to enhance your health and fitness tracking experience.

### What's New in 1.0.4

- **Improved Calorie Calculation:** More accurate tracking to help you stay on top of your goals.
- **Bug Fixes:** We've resolved issues related to sending feedback and viewing your heart rate activity history.

### Download Now

Access the link below to scan the QR codes and download or update the app directly on your mobile device:
