How Do I Change My Reebok Connect Password?

Inas B. - 2026-11-11 - Reebok Connect

You can change your Reebok Connect password directly from the app if you know your current password.

Change Your Password

1. Open the Reebok Connect app.
2. Tap the **Me** tab.
3. Tap your **profile/name card** at the top of the screen.
4. Select **Change Password**.
5. Enter your current password.
6. Enter your new password, then confirm it.
7. Tap **Save** to apply your changes.

Your password will be updated once you save your changes. Use your new password the next time you log in.

Forgot Your Current Password?

If you can't remember your current password, you can reset it without accessing your account settings:

1. Log out of the app, if you're currently signed in.
2. Go to the login screen.
3. Tap **Forgot Password**.
4. Follow the on-screen instructions to reset your password.
