You can connect Reebok Connect to Google Fit to share supported health and activity data.

Connect Google Fit

1. Open the **Reebok Connect** app.
2. Go to the **Account** tab.
3. Scroll to **Data Sharing**.
4. Tap **Google Fit**.
5. Select **Connect**.
6. Choose the Google account you want to connect.

Once connected, supported data from your Reebok Rush can be shared with Google Fit, including:

- Steps
- Heart rate
- Sleep data
- Calories burned
